						\$ 1,528,000,000.00
From 2012 thru 2021, over \$1.5 Billion of production business has been turned away because of insufficient rebate funding. A production's SC spend is between 33% and 50% of their budget, and using a conservative 40% as SC spend for this purpose, that would indicate that South Carolina lost \$611.2 M in direct spend between 2012 and 2021.
